MONTHLY BUDGET STATEMENT FOR AUGUST 2011 /
MAANDELIKSE BEGROTINGSVERSLAG VIR AUGUSTUS 2011

4.1.2 Table C2: Monthly Budget Statement - Financial Performance (standard classification) / Tabel C2: Maandelikse begrotingsverslag - Finansiële Prestasie (standaard groepering)

This table reflects the operating budget (Financial Performance) in the standard classifications which are the Government Finance Statistics Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.

Hierdie tabel weerspieël die bedryfsbegroting (Finansiële Prestasie) in die standaard groeperings van die Finansiële Regeringsstatistieke se funksies en Sub-funksies. Dit word gebruik deur die Nasionale Tesourie om die samestelling van nasionale en internasionale rekeninge vir vergelyking doeleindes, ongeag van die unieke organisatoriese strukture wat gebruik word deur die verskillende instellings.

The main functions are Governance and administration; Community and public safety; Economic and environmental services; and Trading services.

Die belangrikste funksies is die bestuur en administrasie, gemeenskap en openbare veiligheid, ekonomiese en omgewingsdienste, en Handelsdienste.

It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.

Om hierdie rede word verslag gedoen van die finansiële prestasie in die standaard groepering, Tabel C2, en per munisipale direktoraat, Tabel C3.

1. Government Finance Statistics Functions and Sub-functions are standardised to assist the compilation of national and international accounts for comparison purposes
2. Total Revenue by standard classification must reconcile to Total Operating Revenue shown in the Financial Performance Statement
3. Total Expenditure by standard classification must reconcile to total operating expenditure shown in 'Financial Performance Statement'
4. All amounts must be classified under a standard classification (modified GFS). The GFS function 'Other' is only for Abbatoirs, Air Transport, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate share to relevant classification

4.1.3 Table C3: Monthly Budget Statement - Financial Performance (revenue and expenditure by municipal vote) / Tabel C3: Maandelikse begrotingsverslag - Finansiële Prestasie (Inkomstes en uitgawes per munisipale direksoraat)

The operating expenditure budget is approved by Council on the municipal vote level.

Die bedryfsbegroting word deur die Raad goedgekeur op munisipale direksoraat vlak.

The municipal votes reflect the organisational structure of the municipality which is made up of the following directorates: Council, Municipal Manager, Corporate Services, Financial Services and Engineering Services.

Die munisipale direksorate weerspieël die organisatoriese struktuur van die munisipaliteit, wat bestaan uit die volgende direksorate: Raad, Munisipale Bestuurder, Korporatiewe Dienste, Finansiële Dienste en Ingenieursdienste.

Unauthorised expenditure by year end would occur either for the municipality as a whole if the adjusted budget for 'Total Expenditure by Vote' or if any of the individual budgets for any specific vote/s were overspent.

Ongemagtigde besteding op jaareinde sou plaasvind óf vir die munisipaliteit as 'n geheel, indien die aangepaste begroting vir "Totale uitgawes per direksoraat" of indien enige van die afsonderlike begrotings vir 'n bepaalde direksoraat/e oorbestede word.

The Total Expenditure by Vote budget is not overspent, but currently for the accumulated totals to August 2011 the following Votes (also known as Directorates) reflect unauthorised expenditure against their year-to-date budgets: Council.

CEDERBERG MUNICIPALITY / MUNISIPALITEIT
MONTHLY BUDGET STATEMENT FOR AUGUST 2011 /
MAANDELIKSE BEGROTINGSVERSLAG VIR AUGUSTUS 2011

Die Totale besteding per direktoraat is nie oorbestede nie, maar vir die kumulatiewe totale tot Augustus 2011 het die volgende Direkorate ongemagtigde besteding getoon teenoor hul jaar tot datum begrotings: Raad.

However, they have not yet overspent their total adjusted budget allocations and the current unauthorised status would only be able to be determined once annual actual results have been calculated.

Hulle het egter nog nie hul totale aangepaste begrotingstoekennings oorspandeer nie en die huidige ongemagtigde status sal eers bepaal kan word wanneer die jaarlikse werklike resultate bereken word.

MONTHLY BUDGET STATEMENT FOR AUGUST 2011 /
MAANDELIKSE BEGROTINGSVERSLAG VIR AUGUSTUS 2011

Table C5 consists of three distinct sections: / Tabel C5 bestaan uit drie verskillende afdelings:

- Appropriations by vote: / Besteding per direktoraat
 - Which are the budget allocations that are approved by Council in the annual and adjustment budgets (similar to the expenditure by vote in Table C3).
 - Dit is die begrotingstoekennings wat deur die Raad goedgekeur is in die jaarlikse en aanpassing begrotings (soortgelyk aan die uitgawes per direktoraat in Tabel C3).
 - If any of these annual budgets (either for Council as a whole or any individual vote) are overspent then unauthorised expenditure will have occurred. There was no unauthorised expenditure on any vote.
 - Indien enige van hierdie jaarlikse begrotings (hetsy vir die Raad as 'n geheel of enige individuele direktoraat) oorbestede is, dan sal ongemagtigde uitgawes plaasgevind het. Daar is geen direktoraat waar daar ongemagtigde uitgawes plaasgevind het nie.

- Standard classification: / Standaard groepering
 - Similar to Table C2 this portion reflects the capital budget in the standard classifications which are the Government Finance Statistics Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.
 - Hierdie gedeelte weerspieël, soortgelyk aan Tabel 2, die kapitaal begroting in die standaard groeperings van die Finansiële Regeringsstatistieke se funksies en Sub-funksies. Dit word gebruik deur die Nasionale Tesourie om die samestelling van nasionale en internasionale rekeninge vir vergelyking doeleindes, ongeag van die unieke organisatoriese strukture wat gebruik word deur die verskillende instellings.

- Funding portion: / Befondsing gedeelte
 - This section reflects how the capital budget has been funded by the different sources of capital revenue.
 - Hierdie gedeelte weerspieël hoe die kapitaalbegroting befonds is deur die verskillende bronne van kapitaal inkomste.
 - It is very important that national government grants are fully spent by year end otherwise they will have to be repaid to the national revenue fund.
 - Dit is baie belangrik dat die skenkings wat van nasionale regering ontvang word ten volle spandeer moet word teen jaareinde, andersins moet die gelde terugbetaal word aan die nasionale inkomste fonds.
 - Provincial grants should also be utilised but should any unspent portion remain then the provincial departments do not at this time require repayment.
 - Provinsiale skenkings moet ook aangewend word, maar indien daar enige onbestede gedeelte oorbly, verwag die provinsiale departemente nie dat die gelde dadelik terugbetaal word nie.

The value reflected in the Financial Position⁵ will not reconcile to the Debtors Age Analysis shown on Table SC3. The financial position includes the provision made for bad debts and some debtor classifications which do not form part of the consumer debtors, whereas the age analysis only includes consumer amounts on the Debtors module of ProMIS.

Die waarde wat getoon word in die Balansstaat⁵ sal nie ooreenstem met die Debiteure Ouderdomsontleding gewys op Tabel SC3 nie. Die balansstaat sluit die voorsiening gemaak vir slegte skuld en 'n paar debiteure klassifikasies wat nie deel van die verbruikersdebiteure te vorm nie in, terwyl die ouderdomsontleding net verbruikers bedrae op die debiteure-module van Promis insluit.
